Dynamic Glass Solutions

for Every Industry™

Innovative Glass offers a full line of switchable glazing products, that give complete control of privacy, light, sunglare and heat coming into your clients' home or office - *automatically* or *at the touch of a button*. Windows, doors, walls and skylights produced with eGlass® promote use of natural light & provide an unmatched combination of comfort, security and **energy efficiency**.

LC Privacy Glass

Instant Privacy at the Touch of a Button

LC Privacy Glass is a switchable privacy product that allows you to instantly switch the glass from Clear to Frosted White, to achieve 100% privacy. LC Privacy Glass is the only product that allows openness and privacy to coexist.

SolarSmart Glass®

SolarSmart Glass is a fully automatic, self-tinting glass that blocks heat and continuously adapts to the sun & environment throughout the day. SolarSmart darkens in response to bright sun & lightens when the sun moves away. It does not require wires, electricity or controls for operation.

SPD SmartGlass®

SPD SmartGlass is a soft blue tinted glass that gives the user the ability to "tune" the amount of light & sunglare streaming through their windows. Variably alter the tint of the glass and control heat gain while maintaining the view.
